

# OTHERWORLDLY PATRON

## THE COSMOS

### *Draw Upon the Power of the Cosmos*

When you choose this subclass, you might bind yourself to a primordial cosmic presence, an ancient entity hidden among the stars, or a remnant of a force that predates the mortal world. Your patron might be a constellation drifting among the firmament, a devouring singularity at the edge of space, or a dead god wandering the void. Possible patrons include Atropus, the World Born Dead; Celestian, the Far Wanderer; or Tharizdun, the Chained God. The motives of such beings are as varied as the cosmos itself, but the power they grant allows you to draw upon the mysteries of the stars.

### LEVEL 3: DIRE OMEN

Once per turn, when you deal damage to a creature, you can force it to make a Constitution saving throw. On a failed save, is marked with a dire omen until the start of your next turn. While marked, the target sheds Dim Light in a 5-foot radius and can't benefit from the Invisible condition.

If the target willingly moves 5 feet or more before the start of your next turn, the target takes Radiant damage equal to your Charisma modifier and the effect ends.

### LEVEL 3: COSMIC PATRON SPELLS

The magic of your patron ensures you always have certain spells ready; when you reach a Warlock level specified in the Cosmic Spells table, you thereafter always have the listed spells prepared.

#### Cosmic Spells

| Warlock Level | Spells                                      |
|---------------|---------------------------------------------|
| 3             | Augury, Faerie Fire, Guiding Bolt, Moonbeam |
| 5             | Daylight, Melf's Minute Meteors             |
| 7             | Divination, Greater Invisibility            |
| 9             | Far Step, Flame Strike                      |

### LEVEL 3: COSMIC GUIDANCE

You gain proficiency in the Arcana skill if you don't already have it, and whenever you make an Intelligence (Arcana) check, you gain a bonus equal to your Charisma modifier (minimum of +1). In addition, you learn the *guidance* cantrip if you don't know it already and it has a range of 30 feet when you cast it. It becomes a warlock cantrip for you, but doesn't count against the number of cantrips you know.

### LEVEL 6: LUCKY STARS

The stars subtly guide your fate, turning moments of failure into opportunities for success. If you fail a saving throw or miss with an attack roll, you can roll 2d4 and add it to the total, possibly changing the outcome.

You can use this feature a number of times equal to your Charisma modifier (minimum of once), but you can use it no more than once per roll. You regain all expended uses when you finish a Long Rest.

### LEVEL 10: STELLAR REMNANT

The echoes of distant stars now linger within you. You gain the following benefits.

**Cosmic Resilience.** You have Resistance to Radiant damage.

**Starburst.** If you drop to 0 Hit Points and don't die outright, you can cause your body to erupt with cosmic energy. Every creature of your choice in a 30-foot Emanation originating from you makes a Constitution saving throw against your spell save DC. On a failed save, creatures take 8d6 Radiant damage and are Blinded until the end of your next turn. On a successful save, creatures take half as much damage and aren't Blinded. Your Hit Points then change to a number equal to your Charisma modifier plus your Warlock level. After you benefit from this feature, you can't use it again until you finish a Long Rest.

### LEVEL 14: HARNESS THE COSMOS

As a Bonus Action, you can transform into a living constellation, gaining the benefits below for 1 minute, until you have the Incapacitated condition, or until you end this transformation (no action required).

**Degenerating Singularity.** Spacetime warps in a 20-foot Emanation originating from you, any creature of your choice treats the area of the aura as Difficult Terrain. Creatures of your choice who start their turn within the Emanation are marked with a Dire Omen.

**Star Touched.** Radiant damage from your attacks, Warlock spells, and Warlock features ignores Resistance to Radiant damage.

**Starborn.** You have Resistance to Cold, Fire, and Force damage. You have Immunity to Radiant damage.

Once you use this feature, you can't use it again until you finish a Long Rest unless you expend a Pact Magic spell slot (no action required) to restore your use of it.
